

WHAT TO WEAR:

- Try to avoid clothes with logos and characters as well as “busy” clothes with stripes, spots or checks.
- Choose three colours (one of them being a neutral colour) and put together outfits using these colours.
- Nature’s colours (browns, greens, blues and creams) are best for outdoor shoots. Pick colours that will complement the surroundings.
- Try to co-ordinate outfits rather than match them.
- Use your brightest colours as accessories.
- If your child has long hair, please try and clip this back or tie it up so that it does not obscure their face. This applies for parents too!
- You are welcome to bring a change of clothes to add variety to the shoot. This is a must for babies and young children as accidents happen!
- The most important things with regards clothing is that the outfit is comfortable.

WHAT TO BRING:

- Bring along any toys, scooters, wagons or blankets that your children like or are meaningful to them and you.
- Bring along some snacks and drinks if you want.
- Pets are welcome to and we can try and incorporate them into the photo session.

WEATHER:

- The session will go ahead even if it is drizzling.
- Rain and puddles will almost always add to the session – think wellie boots and puddles.
- Sessions will only be cancelled and re-scheduled in cases of severe weather.

ILLNESS, CANCELLATION AND POSTPONEMENTS:

- Please contact me as soon as possible if your child is unwell. We can then make arrangements to re-schedule the session.
- If a cancellation is due to something other than illness, please advise me at least 2 weeks prior to the scheduled date of the session.
- If a session is cancelled or postponed with less than 2 weeks notice, I will have to charge you 50% of the session fee.
- If I have to postpone our session I will give you as much notice as possible.

PAYMENT:

- Your booking will be confirmed and secured once the session fee is received.
- Payment for the package of your choice needs to be received before the items are dispatched to you.

LOCATION AND DURATION OF THE SESSION:

- The shoot can take place in your home, your garden or a nearby outdoor location such as a park, playground, field or beach. It can also take place in a combination of these locations e.g. house and park.
- The aim is for everybody to feel comfortable and relaxed so I can capture natural, candid images so surroundings that are familiar are ideal.
- Shoots last between 60 – 90 minutes. However, if I feel we need longer to capture the images we need then we will continue for longer than this. Larger family shoots will take longer.
- We are able to take breaks for wardrobe changes, snack time and anything else that may arise.

EDITING OF IMAGES AFTER THE SESSION:

- After the session I will go through all the images and select the best ones (typically 40-60 images).
- Basic retouching of images is included in the session price.
- Only the images that you select to purchase (as images, prints or other products) will be fully edited.

VIEWING YOUR IMAGES:

- Your images will be available to view in a password protected gallery on my website roughly 2 weeks after the shoot.
- These images will be low-resolution images.
- After you have viewed your images, you can contact me via email with your order.
- The password protected online gallery will remain on my website for 3 months after which it will be removed.

COPYRIGHT:

- I retain the copyright to all the images taken during the session.
- This entitles me to use the images on my website, blog or in print to promote and advertise my business.
- Even though I retain the copyright to the images, you are able to buy the full set of images from your online gallery or individual images from your online gallery.
- If you buy the images they will be high-resolution digital images in jpg format and will be ready to print. They will be provided on a flash drive and will be accompanied by a printing license.

- If you buy products to the value of £1500 or more, you will receive the entire online gallery of images free with your order (they will be high resolution ready to print jpgs on a flash drive).

DELIVERY OF YOUR PRODUCTS:

- Orders are usually ready 3 weeks after the session.
